2017 COLORADO ZERO SUICIDE ACADEMY™

Zero Suicide is a commitment to suicide prevention in health and behavioral health care systems and a specific set of tools and strategies. It is both a concept and a practice. Its core proposition is that suicide deaths for people under care are preventable and that the bold goal of zero suicides among persons receiving care is an aspirational challenge that health systems should accept. It represents a commitment to patient safety – the most fundamental responsibility of health care – and to the safety and support of clinical staff who treat and support suicidal patients.

The Zero Suicide Academy™ is a two-day training for senior leaders of health and behavioral health care organizations that seek to dramatically reduce suicides among patients in their care. Twelve health and behavioral health care organizations were selected to attend the Zero Suicide Academy™ to be held in Northglenn, CO in April 2017:

- Archuleta School District
- Aurora Mental Health Center
- Axis Health System
- Behavioral Healthcare, Inc.
- Centennial Mental Health Center, Inc.
- East Morgan County Hospital
- Mind Springs Inc.
- San Luis Valley Behavioral Health Group
- Signal Behavioral Health Network
- Solvista Health
- SummitStone Health Partners
- Crossroads' Turning Points, Inc.
